

Kam & Megan

Hello!

We feel that the decision you are considering is as equally courageous and selfless as it is challenging and scary. We appreciate you considering us to be a piece of your life story, as well as your child's. We have always envisioned more children in our family, however due to multiple pregnancy losses, we are unable to have any more biological children. We are so hopeful to welcome another child into our family, and our two sons have been excited for another sibling for years. Thank you for choosing to read about us and we look forward to getting to know you more

We have been married for 11 years and are truly each other's best friend. We have 2 sons who have so much fun living life together, and we cherish all of our time we spend as a family.

Megan enjoys playing volleyball, reading, and playing piano. Kam enjoys football, basketball, and fishing with our boys. Megan and Kam both enjoy being active, being outdoors, and we spend lots of time up north at our parent's home and a family cottage.

Our siblings and family live nearby and we fortunately get to spend quality time together playing board games, going on neighborhood walks, and dressing up for Halloween every year! Thank you for considering our family and for potentially giving us an opportunity to support and love your child as they grow to be the person they were created to be.

Kam & Megan
