

Tim & Liz

Dear Birth Mother,

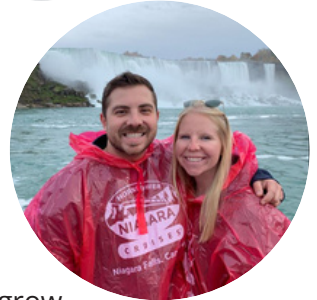

Thank you for your time & for giving us this opportunity to introduce ourselves. We understand that you are making a very difficult, but selfless decision. We hope that you are feeling loved & supported throughout this journey, and we wish the very best for you and your baby – no matter the path you choose to take. If adoption is the path that you choose, we would consider it the greatest privilege to welcome you both into our family.

We hope that we can provide the information you need to decide if we are a good fit for your child. We are high school sweethearts and have been married for six years. We currently do not have any children, but we do have two loving and silly dogs. We feel blessed to have such a wonderful marriage and life together.

However, we both want nothing more than to become parents. We have lost four babies due to miscarriage but through these experiences, our faith in God and love for one another has led us down a new path. On this new path we have found more love, beauty, and hope that we want to share with our future family. We have prayed about adoption and trust that this is God's plan for us.

We built our home with three spare bedrooms, so not only do we have room in our home to grow our family, we both have a great deal of room in our hearts & love to give a child. We would consider ourselves very active and we love to make new memories together. We are fortunate to live on a lake that offers us many activities throughout the seasons, and to be able to occasionally travel domestically and internationally. We look forward to family boat rides, teaching a child how to swim, cooking together, eating dinner as a family each night, making s'mores by the bonfire, playing games, and reading books before bedtime. We can't wait to be able to walk side by side with a child, providing love and support as they navigate through life and figure out what their interests are. We would love to be a child's cheerleaders for any sport or activity.

We promise to love, cherish, and nurture a child in every way we possibly can.
